

**New Hampshire Department of Health and Human Services
Worksite Breast and Cervical Cancer Screening Pilot Project**

ADDENDUM #1
RFA-2019-DPHS-07-BREAS
Worksite Breast and Cervical Cancer Screening Pilot Project

On November 27, 2018, the New Hampshire Department of Health and Human Services published a Request for Application, soliciting applications from vendors for the provision of technical assistance and the distribution of financial awards to a minimum of twenty (20) New Hampshire worksites, statewide, to improve the screening rates for breast and cervical cancer among women.

The Department is publishing this addendum to:

1. **Delete and replace Section 3, Application Process, Subsection 3.2, Application Content, Paragraph 3.2.10, with the following:**
3.2.10 **Appendix C – CLAS Requirements**
2. **Delete and replace Section 3, Application Process, Subsection 3.2, Application Content, Paragraph 3.2.11, with the following:**
3.2.11 **Appendix D – Contract Monitoring Provisions (Pages 3 and 4 only)**
3. **Delete and replace Section 3, Application Process, Subsection 3.3, Application Submission Deadline, Paragraph 3.3.1 Schedule of Events, with the following:**
